REGION II

DATE: MAY 06 2004

SUBJECT: Requested Review of the Remedial Action Work Plan For Source Reduction, for the L.E. Carpenter Superfund Site in Wharton, NJ.

FROM: Stephen Cipot, Remedial Project Manager  
ERRD

TO: Reyhan Mehran, Environmental Scientist  
NOAA

Enclosed for NOAA review and comment, please find one copy of the Remedial Action Work Plan For Source Reduction, was submitted by the PRP for the L.E. Carpenter Superfund Site in Wharton, NJ. The purpose of the submittal is to provide documentation to support the outlined approach to remove lead impacted soils to 400 PPM, remediate process wastes and LNAPL impacted soils. After you have completed your review, please provide comments to my attention by May 31. In addition, please forward a copy of the comments via email, so as to facilitate the preparation of a subsequent comment letter. Thank you in advance for the opportunity to send you this work plan. Should you have any questions on this matter, please feel free to contact me at (212) 637-4411.
